GRande es el amor que los padres tienen à sus hijos, dõde quiera les lleuã los ojos, y roba el coraçon. Quien ay tan tibio, que no ame a las cosechas de sus entrañas? Mas aunque todos los hijos se quieren, los mayorazgos y primogenitos no se que sacã de vẽtaja, que en todo la hazẽ a los demas, enel respecto, en la estimacion, enla hazienda, y en la honra. Por esso queria Dios esse primer bocado por

suyo

suyo: y assi en recompensa a las marauillas, y a sombros de Egypto, y a toda essa naturaleza barajada por sus manos, en fauor de su pueblo, mãdo à Moysen le sanctificasse todos los mayorazgos que en el hiziessen principio de generacion, con q̃ desde luego quedaron por suyos: y los hõbres auisados que hã de dar à Dios lo mejor (Num. 13.) Y aunq̃ aquellas cabeças de linaje eran redimibles, y se podian rescatar, esso era voluntario: que tambien auia quien supiesse conocer las occasiones, para no perderla que le estuuiesse mejor. Anna la madre de Samuel no quiso meterse ẽ rescates, porq̃ le paresció que no le podia dar à su mayorazgo mejor casa, que la del señor, y assi selo dexo en ella. Mucho se hazen querer los hijos corporales, grandes hechizeros son del gusto. Quando el Rey Agesilao dexada la magestad, y grauedad

Real

Real jugaua con los ſuyos, dixole el otro corteſano ſu amigo: no cuentes eſta facilidad, haſta que tengas hijos: y ſepas a lo q̃ obliga ſu amor. Todo eſto habla en mi caſo. Los hijos del entendimiento, y los trabajos proprios ſon por ventura inferiores, y menos eſtimados? Lleuanſe entrañada por cierto toda el alma, y lleno del coraçon: que mucho es que ſe quierá que mucho que ſe eſtimen por feos, y monſtruoſos que ſean? Eſte que yo agora ſaco a luz, es el primogenito de mis trabajos, y mayorazgo de los demas: y como à prenda mas querida ſe le deue tan excelente lugar. Eſto le lleua à manos de V. m. con volũtad de no reſcatarlo otra vez, pues no le puedo dar mejor dueño, ſino que quedandoſe por ſuyo perpetuo en el templo de la immortalidad, cuente a todos los ſiglos lo mucho que el, y yo deuemos al gran valor de V. m. co-

mo a

mo à poderosa mano que de las tinie blas de Egypto nos saco à la luz pre- sente. Queriendo el Señor q̃ para este fauor fuesse instrumento el que V. m, siempre ha hecho a mis cosas, y me- diante el, seruirse de mi pobre talẽto en esta su nueua Yglesia. Para cuyo aprouechamiento spũal, y de los mi- nistros Euangelicos q̃ cultiuan su tier na planta: trata este pequeño libro en lengua Mexicana de la Miseria, y breuedad de la vida del hõbre: y de sus quatro postrimerias. Materia por cierto tã acomodada para apartar los de los vicios, y gustos desta breue, y triste vida, y encenderles enel deseo de la eterna y perpetua holgãça (que Dios tiene prometida a los que firme mente creyeren en su vnigenito hijo, y fielmente guardaren sus mandami- entos hasta la fin) como necessaria pa ra persuadirlos a q̃ cõ todas sus fuer- ças huyan, y se aparten de los pecca-

dos,

dos, especialmẽte delos mortales, cuya paga y castigo, es muerte eterna, y eterno tormẽto: para miẽtras Dios fuere D. Y aunq̃ al hazerle esta hõrada electiõ de Mecenas pudiera leuantar los ojos a la nobilis. y limpia sangre del linaje y casa de V.m. cuyo conocido solar y timble cãpea entre los muy floridos de España, o subirlos a la grãdeza de animo conq̃ en Xpiandad, y valor generalmẽte hã sido sus obras aprouadas por tãtos años del cõcurso, y resto de vn nueuo mundo ascẽdiẽdo por todas sus regias dignidades hasta la suprema de presidẽte q̃ aora dignissimamẽte v.m. exercita ẽ esta Real Audiẽcia Mexicana. Dõde si la fortaleza, la prudẽcia, y la templãça admirã: el peso de la justicia tã en su fiel, y sin accepciõ de personas (ẽ mano tã ajustada) noechara menos las de Trajano. Dexola magnanimidad fuẽte de todos estos arroyos notable

tablemẽte descubierta ela insigne fun
dacion de Sãct Lorenço, que por ser
de animo tan real, merece muy bien
este renõbre: con otras innumerables
y mas conocidas grãdezas de animo,
letras, sanctidad, y religion, que en
V. md. campean, como en el Cielo
la hermosura, y luz del dia. Todo es
to es mucho: y mucho mas lo que en
tanta apretura se atropella. Por esto
digo, que aunque en arbol tan pode-
roso ay innumerables ramas de que
asirme, solo quiero echar mano dela
de mi obligacion, reconociendo que
todas las de mas obras, y libros que
hasta agora he impreso, voy imprimiẽdo, y adelante con el ayuda de N.
Señor imprimiere, tienen principio
del bien y merced que V. md. me ha
hecho: y los que las estimaren en al-
go a V. md. deuen las gracias, pues
me franqueo el passo, y animò para
ellas. Començando a pagar en esto
algu-

alguna parte de lo que reconozco de ver no para salir de la deuda, y rescatar el sacrificio: sino hazerlo de nueuo de mi voluntad, suplicando siẽpre en los mios a la poderosa mano q̃ en V. md. supo en gastar el colmo de tantos bienes juntos, los conserue por muchos años, en esta vida, hasta perpetuarlos en la eterna, como este menor capellan de V. m. dessea. &c.
